

OCTOBER 2011 PRAYER LETTER

Church Construction: Progress

Week by week throughout this year everyone here has rejoiced watching our church's future home come together bit by bit. As you can see the outside of the building is closed in, insulation board is up and the base stucco has been put on the building.

With the front doors and all the glass now installed in the tower, the building is feeling more and more like a house of worship. Currently work is moving forward on finishing off retention walls that go around the front and sides of the property. Once these walls are up, the ground around the building can be graded properly. We have also recently buried a large water tank in the yard to collect all the rain water from the roof. This water can be used both inside

and outside the church whenever non-potable water is needed which will help us save on the utility bills.

Church Construction: Needs

We stand amazed and feel so blessed for all that has been accomplished this year at the church building project. Working together with the men from our church, the initial phase of construction is nearing completion. Again, the goal for this year is to roughly close up the building and finish two Sunday School rooms where we can meet. Thank you to each and every one of you who have given toward this project and watched in prayer with us as we have progressed. As things currently stand however, we will need some financial help to get over the last few hurdles to get us moved in to the building. If you feel lead of the Lord to contribute and help us get moved in by year's end, please email us and I can send you the estimate with a break down of the final steps and needs involved. Through it all, the only thing we know to do with these needs is to pray fervently as a church, ask you to pray with us, and then trust and wait on the Lord.

Ford Family: Expecting #3!!!

Our family is very pleased to announce that God has graciously decided to add a new member to our missionary team here in Moldova. Emily is expecting near the end of April. Please pray for a healthy pregnancy without any complications and for Emily to recover from some minor ear problems she is having right now.

Praises

1. New baby coming
2. Progress on church construction
3. God's protection and provision

Prayer Requests

1. Good health for Emily and baby
2. Funds to finish 1st phase of church building
3. Revival and growth among believers
4. Open doors for evangelism
